|                |                          |
|----------------|--------------------------|
| Compound:      | Ipamorelin               |
| Report Number: | 1026197                  |
| Appearance:    | White Lyophilized Powder |

|             |                                                               |
|-------------|---------------------------------------------------------------|
| CAS:        | 170851-70-4                                                   |
| Formula:    | C <sub>38</sub> H <sub>49</sub> N <sub>9</sub> O <sub>5</sub> |
| Mol Weight: | ~711.9 g/mol                                                  |

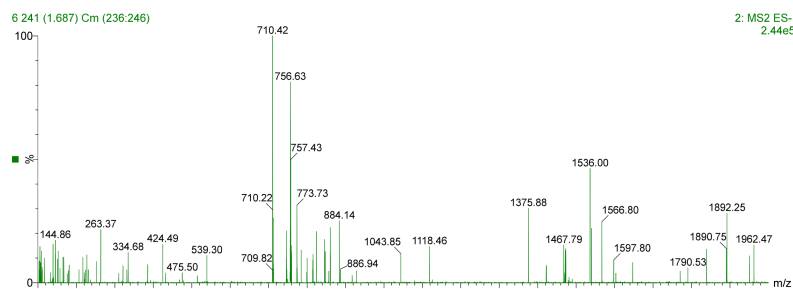

Pubchem CID: 9831659

Qualitative and Quantitative chemical analysis by Ultra High Performance Liquid Chromatography with Mass Spectrometry

|                | Specification | Result     | Scan to Validate:                                                                   |
|----------------|---------------|------------|-------------------------------------------------------------------------------------|
| Compound Test: | Ipamorelin    | Ipamorelin |  |
| Quantity:      | 10mg          | 9.62mg     |                                                                                     |

UPLC

MS

**Aleksey Yevtodiyenko PhD**  
 Research and Formulation Chemist

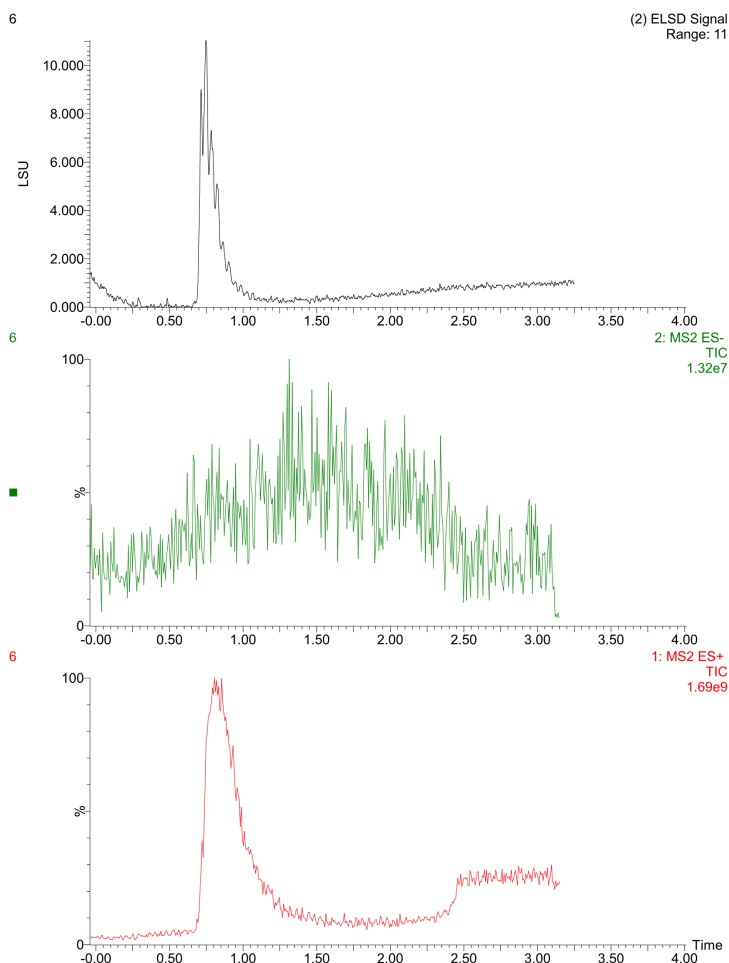

This purity analysis was conducted using UPLC/MS under standard laboratory conditions, following validated analytical protocols to ensure accurate and reliable results. This analysis is intended for informational and research applications.
